Stock & Station Agents Pty Ltd

DATE: 10.03.2026

TOTAL HEAD: 707

QUOTATIONS:

Another large yarding was brought forward with a good panel of buyers present, however not all processors were operating. Bulls and bullocks remained firm on previous markets. A large number of cows were yarded and a slight price increase in the top end was seen, quality related. Heavy export mouthed heifers remained firm. Quality feeder and weaner cattle are continuing to sell well while secondary quality stock are proving tougher to shift.
